ОТ АВТОРА

Программный цикл для большого симфонического оркестра Песни и танцы старой Франции написан на подлинные народные темы. Как это явствует из подзаголовков отдельных частей, в произведении запечатлены колоритные сценки из жизни и быта старой Франции: старинные обычаи, традиционные шествия, танцы на улицах и площадях — все то, что еще и в наши дни можно увидеть во многих городах и селениях страны.

Некоторые музыкальные темы цикла носят сквозной характер и пронизывают все сочинение. Такова, например, тема бержеретты «Сердце мое в плену» (4-я часть), в значительной мере определяющая общий лирический строй произведения.

1-я часть — Предрассветная мгла — является как бы прелюдией ко всему циклу.

...В предрассветном тумане постепенно вырисовываются смутные очертания спящего городка. Доносится звучание колокола, слышатся отдаленные сигналы трубы...

В этой части намечаются контуры основных тем произведения.

2-я часть — Воскресное утро — первое скерцо цикла.

...Взошло солнце. Птицы приветствуют его своим неумолчным гомоном и щебетаньем...

В среднем разделе этого скерцо возникают лирические образы — оформляются темы, намеченные в предыдущей части. Скерцо завершается мощным звучанием всего оркестра.

3-я часть — Танцуют на площади — картина народного праздника.

...На площади под звуки небольшого оркестра весело пляшут крестьяне в деревянных башмаках...

4-я часть — «Сердце мое в плену» (строка из текста песни). Мелодия этой бержеретты является основным лейтмотивом всего цикла.

5-я часть — Интермеццо — жанровая сценка: девушки провожают новобранцев. В этой части две темы: первая из них, нежная, лирическая, характеризует девушек; вторая, мужественная и решительная, рисует бравых парней. В кульминации слышна мелодия марша, которая в следующей части получает значительное развитие.

6-я часть — Дивертисмент — занимает одно из центральных мест в цикле. Это развернутая народная сцена.

...Послеобеденный воскресный час. Спала жара. Постепенно оживают улицы городка, открываются окна, откуда-то доносятся звуки фортепиано. Одна за другой появляются и нанизываются друг на друга уже знакомые темы из предыдущих частей цикла: тема девушек, бержеретта, марш. Вспыхивает неожиданная ссора. Оживление и шум нарастают. Приближается процессия, все громче звучит маршевая музыка. Но вот шествие проходит мимо, и все постепенно стихает...

7-я часть — «Среди лугов и ручейков» (также строка из текста песни). Это второе скерцо цикла. В трио проходят знакомые пасторальные темы из первого скерцо.

8-я часть — Шествие и Послесловие — начинается с картины массового праздничного гуляния.

...День клонится к вечеру. Повяло прохладой. На улицы высыпала шумная и пестрая толпа горожан. Гуляющих становится все больше и больше, они присоединяются к веселому шествию. Контрастом звучит хоральная мелодия — это проходят монахины...

Постепенно звучание оркестра достигает предельной силы — в восьмиголосном каноническом изложении звучит уже знакомая тема новобранцев, в которую вплетаются мотивы народных песен и танцев, всплески церковных песнопений... Внезапно музыка обрывается — картина народного гуляния уступает место Послесловию, основанному на развернутом изложении темы бержеретты «Сердце мое в плену». Это как бы заключение от автора.

Цикл завершается затихающей кодой.

NOTE DE L'AUTEUR

Le cycle symphonique *Chansons et danses de la vieille France* a été écrit sur de véritables airs populaires.

Les thèmes de ce cycle sont indiqués dans les titres des différentes parties. L'auteur s'est efforcé de peindre des scènes pittoresques de la vie et des coutumes de la vieille France: les anciens us, les cortèges des fêtes traditionnelles, les danses populaires dans les carrefours et sur les places, tout ce que l'on peut encore voir de nos jours dans de nombreuses villes et villages.

Certains thèmes musicaux du cycle portent un caractère de leitmotifs et imprègnent toute l'oeuvre. Tel est par exemple le thème de la bergerette "Mon coeur est prisonnier" (4-me partie), qui en une large mesure conditions le coloris symphonique de l'oeuvre.

Première partie: L'aube naissante qui forme en quelque sort le prélude du cycle.

...dans la brume matinale les vagues contours de la ville endormie se dessinent peu à peu. L'angelus tinte, on entend dans le lointain le clairon sonner la diane...

C'est dans cette partie que sont ébauchés les principaux thèmes de l'oeuvre.

Deuxième partie: Matinée dominicale, premier scherzo du cycle.

...le soleil s'est levé. Les oiseaux le saluent par leur bruyant remage.

Troisième partie: On danse sur la place, scène de fête populaire.

...sur la place d'une petite ville au son de l'orchestre du lieu, paysans et paysannes en sabots de bois dansent gaiment...

Dans la musique de la danse populaire des intonations de chants révolutionnaires évoquent l'époque de la Révolution.

Quatrième partie: "Mon coeur est prisonnier" (titre de la chanson française). Comme je l'ai déjà dit, la mélodie de cette bergerette est le principal leit-motif de tout le cycle.

Cinquième partie: Intermezzo. Scène de genre. Des jeunes filles accompagnent les conscrits; cette partie comporte deux thèmes. Le premier doux et lyrique caractérise les jeunes filles. Le second les conscrits virils et courageux. Au point culminant les accents d'une marche résonnent. Ce motif prendra un important développement dans la partie suivante.

Sixième partie: Divertissement. C'est un des morceaux les plus importants du cycle. Il se développe en une scène populaire.

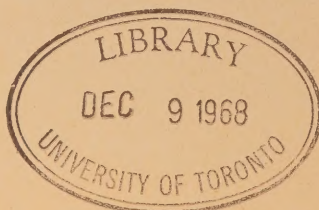

...Un après-midi du dimanche. Les rues de la ville s'animent, une fenêtre s'ouvre laissant passer les sonorités d'un piano. L'un après l'autre apparaissent et se lient les thèmes déjà connus des parties précédentes, celui des jeunes filles, bergerette, marche. Soudainement une querelle éclate. L'animation et le bruit croissent. Le cortège s'approche, les accents de la marche deviennent de plus en plus forts. Le cortège passe et tout s'apaise...

Septième partie: "A travers prés et ruisseaux" (tiré de la chanson). C'est le second scherzo du cycle. Le trio reprend les thèmes pastoraux du premier scherzo.

Huitième partie: Cortège et Postface. Elle commence par une scène de frairie villageoise.

...La journée s'achève. La fraîche du soir est venue. Rue et places sont envahies par une foule bigarrée et bruyante. Les promeneurs deviennent de plus en plus nombreux, ils s'unissent en un joyeux cortège. Une mélodie chorale s'entend en contraste. Ce sont les religieuses qui passent. Crescendo la sonorité orchestrale atteint toute la force, un canon à huit voix reprend le motif connu des conscrits auquel se lient les airs des chansons populaires et des danses et le plain-chant religieux... Soudainement cette musique s'interrompt et la scène de frairie donne place à la Postface qui reprend le motif de la bergerette "Mon coeur est prisonnier". C'est en sorte la conclusion "de l'auteur".

Le cycle se termine par une coda tendre qui s'éteint en diminuendo.

ПРЕДИСЛОВИЕ

Михаил Иванович ЧУЛАКИ известный советский композитор, педагог и музыкально-общественный деятель родился 19 ноября 1908 г. в Симферополе. После двух лет занятий в городском музыкальном техникуме будущий композитор поступает в Ленинградскую консерваторию, которую и оканчивает в 1931 г. по классу композиции профессора В. Щербачева. Вскоре после завершения учебы и появления первых значительных произведений начинается плодотворная педагогическая деятельность Чулаки, продолжающаяся и поныне. В 1933 г. он становится преподавателем Ленинградской консерватории по классам композиции и инструментовки. С 1948 г. Чулаки доцент Московской консерватории по классу сочинения. Впоследствии, в 1962 г., он получает звание профессора. Чуткий и опытный педагог, Чулаки воспитал ряд композиторов разной индивидуальности и различных национальных школ. Его учениками были москвич Е. Крылатов, ленинградец Н. Шахматов, азербайджанец А. Аббасов, туркмен В. Ахмедов и др.

Параллельно творческой и педагогической работе разворачивается интенсивная музыкально-общественная деятельность Чулаки. С 1937 по 1939 год он директор и художественный руководитель Ленинградской филармонии; с 1948 г. — председатель Ленинградского отделения Союза композиторов, а затем — член правления и секретарь Союза композиторов СССР. В 1951—54 гг. композитор занимает руководящие посты в Комитете по делам искусств при Совете Министров СССР. Наконец, с 1955 г. М. И. Чулаки — директор Большого театра Союза ССР. В 1963 г. композитору присвоено почетное звание заслуженного деятеля искусств РСФСР.

Перу Чулаки принадлежит большое количество разнообразных произведений. Среди них три балета («Сказка о попе и работнике его Балде» по одноименной сказке А. Пушкина, «Мнимый жених» по комедии К. Гольдони «Слуга двух господ», «Юность» по мотивам романа Н. Островского «Как закалялась сталь»), три симфонии, концерт для оркестра, пьеса «Русский праздник» для ансамбля скрипачей Большого театра, две кантаты («На берегах Волхова» на текст Вс. Рождественского и «Праздничная» на текст С. Болотина и Т. Сикорской), цикл хоров а capella «Ленин с нами» на текст М. Лисянского; несколько сюит: для оркестра, для фортепиано («В гостях у пионеров»), для двух фортепиано («Майские картинки»), для духового оркестра с хором («Красноармейская»); фортепианная соната, «Импровизация и fuga» для скрипки solo, песни и романсы для голоса и фортепиано (в том числе романсы на слова У. Унтмена), массовые песни, музыка к кинофильмам и др.

Для искусства Чулаки — уравновешенно-ясного, оптимистически-светлого — характерно выразительное взаимодействие конкретной, театрально-«зримой» жанровости и лирической обобщенности образов; ему присуще своего рода переплетение хореографического и симфонического начал. Это во многом определяет доступность произведений композитора для широких слоев публики. Музыке композитора в целом не свойственны психологически углубленный драматизм, трагедийность, динамичность развития; но известная ее повествовательность всегда оживлена изящной пластичностью и яркой образной характеристикой, в ней постоянно искрятся сочный юмор и красочная, по-народному увлекательная темпераментность.

Созданный в 1959 г. программный симфонический цикл «Песни и танцы старой Франции» — сочинение очень типичное для творческого облика Чулаки. Весьма симптоматично уже, например, то, что композитор стремится передать национальный дух французского народа, воссоздать картины природы и быта Франции, в основном, путем контрастного сопоставления совершенно конкретных эпизодов, жанрово-танцевальных сцен, мимолетных бытовых зарисовок. При этом интересно, что все эти сцены и эпизоды являются как бы событиями только одного воскресного дня в маленьком провинциальном городке большой страны. Крайне показательно для творческого метода Чулаки и то, что ведущую смысловую роль в данном произведении играет напев старинной народной бержеретты «Сердце мое в плену»: этот напев звучит здесь как своего рода символ любви композитора к славным художественным и народно-бытовым традициям страны, в нем как бы воплощена вся высокая и простая поэзия французского народа, весь неповторимый колорит пейзажей южной Франции.

В целом, симфонический цикл Чулаки воспринимается как лирическое сказание о французской земле, об ее полных очарования старинных песнях и танцах.

PREFACE

Le compositeur soviétique de renom Mikhaïl TCHOULAKI est né à Simféropol, le 19 novembre 1908. Après deux années d'études à l'Ecole de musique de cette ville, il entre au Conservatoire de Léninegrad qu'il termine en 1931, classe de composition. Il a étudié sous la direction de Vladimir Chtcherbatchev. Peu après la publication de ses premières oeuvres importants, il commence son activité pédagogique féconde, qu'il poursuit jusqu'à présent. A partir de 1933, il enseigne la composition et l'instrumentation au Conservatoire de Léninegrad. En 1948, il enseigne au Conservatoire de Moscou, classe de composition. En 1962, on lui donne le titre de professeur. Ce musicien expérimenté, ce pédagogue au tact subtil a formé plusieurs compositeurs d'individualités différentes, dont le Moscovite Eugène Krylatov, le Léninegradien Nicolas Chakhmatov, l'Azerbaïdjanais Achrad Abbasov, le Turkmène Véli Akhmédov, etc.

Les activités publiques de Mikhaïl Tchoulaki sont tout aussi fructueuses. De 1937 à 1939 il est le directeur artistique de la Philharmonie de Léninegrad. A partir de 1949 il devient président de la section de l'Union des compositeurs de Léninegrad, ensuite membre de la présidence et secrétaire de l'Union des compositeurs de l'URSS. De 1951 à 1954 il occupe des postes importants au Comité des arts près le Conseil des Ministres de l'U.R.S.S. A partir de 1955, Tchoulaki est nommé directeur du Théâtre Bolchoï. En 1963, on lui attribue le titre honorifique d'artiste émérite de la Fédération de Russie.

L'oeuvre de Tchoulaki est très variée. On lui doit trois ballets ("Le conte du pape et de Balda, son valet", d'après Pouchkine, Le "Faux prétendant" d'après le "Valet de deux maîtres" de Goldoni, "Les jeunes années", tiré du roman de Nicolas Ostrovski "Et l'acier fut trempé"); trois symphonies, un concerto pour orchestre, "La fête russe", écrite pour l'ensemble de violonistes du Théâtre Bolchoï, deux cantates ("Aux bords de Volkhov", d'après les paroles de Vsévolod Rojdestvenski, "La Fête", sur le texte de Bolotine et Sikorskaïa), plusieurs chœurs a cappella "Lénine avec nous" sur les paroles de Marc Lissianski; quelques suites: pour orchestre, pour piano ("Chez les pionniers"), pour deux pianos ("Images de mai"), pour fanfare avec chœur ("Les soldats rouges"); une sonate pour piano, l'improvisé et fugue pour violon solo, un grand nombre de chansons et romances pour voix et piano (certaines romances sur les textes de Walt Whitman), des chansons pour chœurs, de la musique pour films, etc.

La musique de Tchoulaki est radieuse, optimiste, une "musique de genre", de caractère défini, théâtral, alliée à un profond lyrisme. Les éléments chorégraphiques et symphoniques y sont étroitement reliés, ce qui la rend accessible au large public. Les oeuvres de Tchoulaki ne se distinguent par une psychologie approfondie, par l'accent tragique, le dynamisme du développement musical. Elles sont surtout un certain caractère narratif, animé par des images plastiques expressives, l'humour populaire truculent, le tempérament fougueux.

Le cycle symphonique "Danses et chansons de la vieille France" (1959) est une oeuvre caractéristique pour Tchoulaki. Le compositeur s'est attachée à rendre le caractère national français, à reproduire les tableaux de la vie populaire, les paysages du pays. Il juxtapose des épisodes contrastants, des danses et chansons différentes. Ce sont, en somme, les événements d'un dimanche dans une petite ville de province. Le motif principal auquel se joignent les autres thèmes est celui d'une vieille bergrette "Mon cœur est prisonnier". Il joue un rôle significatif et symbolise en quelque sorte l'amour que le compositeur porte aux traditions et à la poésie populaire, française, au coloris si particulier du paysage de France méridionale.

La suite de Tchoulaki est un récit lyrique sur la terre française, ses danses et chansons pleines de charme.
